CHILDREN'S NEWS

Stories of New children

Emmanuel Selasie Agor: He was brought in by the department of Social Welfare with a story that, his father wants to use him for money ritual (sakawa), where the boy would be killed and after some time the father would become very rich. His father's mother reported the case to the Domestic Violence and Victims Support Unit (DOVVSU) of the police department who referred the case to DSW. After investigations and enquiries by the department it was concluded that, the boy needs care and protection and that for the mean time FHCM is the best place to put him so that efforts could be made to help the boy build a relationship with his mother whom he has not lived with since he was 18months. He is 9 years old and in grade 2 in school; we have now changed his school for his safety.

Ellen 'Maame' Adwoa Kytte: This beautiful girl is about 2 years old. Her mother is mentally unstable and is living in a mental rehabilitation home; a place which is not conducive for the growth and development of the little girl. The DSW tried to re-integrate the little girl to the mother's family but they refused to take her back. She was then brought to FHCM for care, love and protection. She would start school next September when a new school year begins.

David: The mother of this boy suddenly had a mental instability while walking around the market circle of Takoradi. A Good Samaritan found and brought her to the mental rehabilitation home. The lady in charge of the place informed the DSW who contacted the psychiatric unit of a nearby hospital to give her treatment. The boy was then brought to FHCM. There were no details of the boy since the mother was not stable to give information about who she is. He was then named 'Joel' by the kids in FHCM for better identification until his mother became stable and gave his name as **DAVID KWABENA KUMAH.**
